

KENNEDY GANG

JAN – MAR 2011

DEAR FAMILY AND FRIENDS

Sooooooooo we did it, not that you doubted, but maybe the thought of a three day journey back to South Africa did concern us a little. Things all went well and we drove down to Cotonou, caught a mini bus from Cotonou to Accra and then flew from Accra to Johannesburg. Thank you for your prayers for the trip, everything went well and the most frustrating thing for the boys was waiting in Accra for the flight out in the evening when all they wanted was to get back and see friends and family.

It has been a while since all this happened and we are on the move again. We spent the month of March in and around Kempton Park, catching up with family and friends. It has been great to get to know all the new people in our home church and also see all the old faces (sometimes we do that just by looking in the mirror!)

The boys have both had a good time going off to local school and pre-school, in the picture you see them with Cameron and Kelly, the friends we are staying with while in Kempton Park.

April was spent on the road in Hilton, Ballito, King Williams Town, East London and back to Hilton. Things have just gone beyond us for a while and please forgive us that this Prayer Letter has been somewhat short, we have had a crazy time, here are some photos and more info in our next Prayer Letter and on the website.

BENIN OPERATIONS

OK so what do I say about Benin broadcast operations, I am not there and they are doing great, what more could I ask for, Praise the Lord. I have been keeping in touch with the guys at the Station as there were some outstanding issues I left unfinished when we left.

One of the major ones items was the rebuilding of the bulldozer engine, I am very thankful that I have received reports that the motor has been put back together and is running well. The new planting season has also started and we look forward to planting 5000 white teak trees this year. The land has been cleared and the plants are in the nursery at the moment as we wait for the first rains.

For me one of the most important things is not to forget what we are really about, the Station is there to broadcast the Gospel and the listener is who we are concerned about. Here are two listeners who recently wrote in and gave us some feedback on our programmes:

Ghana: The TTB programme is really a blessing to us here. I gather people here every morning for us to listen to the messages together. It has really been a good devotional

Côte d'Ivoire: ... while listening to the radio I heard the gospel and I gave my life to Jesus. Today I am happy and fulfilled. May God bless you.

Thank you for helping us make this possible.

From the Editor:

Daniel is too busy to write, too many other distractions, apologies!

From the Editor:

Timothy does not want to be tied down and write his Tales, too many other distractions.
